Harmonises perfectly with the dashboard

Easy to swap original BMW 1 Series Air Vent
for MM BMW1/00

MM BMW 1 Series

3.5" TFT Display built-in BMW 1 Series Air Vent

Monitor Integration Solution

BMW 1 Series Air Vent is a custom retrofit kit for the BMW 1 Series. It has been designed to harmonise perfectly with the dashboard of the BMW 1 Series.

3.5" Display, built-in BMW 1 Series Air Vent MM BMW 1/00 allows "OEM-style" monitor integration into the current BMW model E87.

Easy connection to VDO Dayton Navigation Computers PC5400 and higher possible via standard monitor cable.

An IR receiver output is provided and it is easy to swap the original BMW 1 Series Air Vent for the MM BMW1/00 since no irrevocable modifications of the dashboard are necessary.

Optional connection to Rearview Camera possible via separate adaptor cable CA 1205/40.
